

Name _____

Bears: Strong and Amazing Animals

Open-Ended Response Answer Key

1. Bears come in different sizes and colors because they live in different places and need to blend in or stay warm.
2. Their strong claws help them catch food and climb, while thick fur and fat help keep them warm.
3. (Example response) As a bear, I would wake up and search for berries. I would use my strong claws to dig up insects and catch fish from the river.
4. (Example response) I would choose to be a polar bear because I like cold weather and swimming in icy water.
