

Name _____

Bears: Amazing and Powerful Animals

Open-Ended Response Answer Key

1. Bears have different sizes and colors based on their habitats and needs for survival.
2. Their strong claws help them catch food and climb, while thick fur and fat keep them warm.
3. (Example response) As a bear, I would wake up and search for berries. I would use my strong claws to dig up insects and catch fish from the river.
4. (Example response) I would choose to be a polar bear because I like cold weather and swimming in icy water.
