

Name _____

What Are a Panda's Daily Habits and Behaviors?

Short Answer Key

1. Crepuscular means that pandas are most active during the early morning and late evening.
2. Pandas spend so much time eating because bamboo is low in nutrients, so they need to eat a lot to get enough energy.
3. Pandas mark their territory using scent markings.
4. When pandas are not eating, they are usually resting or sleeping.
5. Pandas use climbing and swimming to survive in the wild.
