## Rabbits' Daily Habits and Behaviors

### Short Answer Key

1. Being crepuscular means rabbits are most active at dawn and dusk.
2. Living in a group helps rabbits watch for predators and protect one another.
3. Rabbits communicate by thumping their feet, grooming each other, and using body language.
4. When rabbits sense danger, they freeze in place or hop quickly to safety.
5. Rabbits retreat to their burrows at night to rest and stay safe from predators.
