

Name _____

Rabbits' Daily Habits and Behaviors

Open-Ended Response Answer Key

1. Rabbits are most active at dawn and dusk because these times are safer from predators that hunt during the day or night.
2. Living in a warren helps rabbits share the work of watching for danger and provides a safe place to live and raise their young.
3. Rabbits use body language, thumping, and grooming to communicate, while humans use words, gestures, and writing. Both forms show the importance of staying connected.
4. The most challenging part of staying safe as a rabbit might be avoiding predators, especially when foraging for food in open spaces.
