

Name _____

Blackmail Network

Short Answer Key

1. The mission of the agents is to dismantle the Blackmail Network, a criminal organization specialized in blackmail. They face challenges such as a formidable adversary in Mr. X, the head of the network, and the betrayal of one of their own team members, Agent Lisa.
2. Agent Lisa secretly works for the Blackmail Network, leaking information to them. Her betrayal adds complexity to the mission, as the agents must contend with the fact that one of their team members is working against them, endangering their efforts to expose the network.
3. The confrontation between the agents and Mr. X is significant as it represents the final showdown between the law and a criminal mastermind. For the agents, it's a chance to bring Mr. X to justice and dismantle the Blackmail Network. For Mr. X, it's a battle to protect his criminal empire and avoid arrest.
4. The resolution sees the Blackmail Network exposed, and Mr. X is arrested. Agent Lisa, torn by guilt, chooses to cooperate with authorities in exchange for a reduced sentence. This choice helps bring down the network and contributes to its dismantling.
5. Qualities such as determination, teamwork, adaptability, and a range of skills, including investigation, hacking, and undercover work, make the agents successful in dismantling the Blackmail Network. Their ability to work together and uncover the truth plays a crucial role in their success.
