Open-Ended Response Answer Key

1. The mystery candidate brings excitement and uncertainty to the election, making it more competitive and forcing the other candidates to step up their game.
2. I would find Jake's campaign promises appealing because the idea of "Homework-Free Fridays" and a giant slide in the cafeteria sounds like a lot of fun.
3. The story shows how students can make a difference in their school by running for student council and advocating for changes that benefit the entire student body.
4. The characters learn that competition can be healthy and that working together and respecting each other's ideas can lead to better outcomes for everyone.
