

Name _____

Exploring the World of Building Inspectors

Open-Ended Response Answer Key

1. Answers may vary but could include examples like spotting cracks in a building's foundation or identifying faulty wiring in an electrical system.
2. Building Inspectors ensure that buildings are safe, reducing the risk of accidents, injuries, and property damage.
3. Answers may include pursuing relevant education, gaining experience, and staying updated on building codes.
4. Answers may vary, but examples could include a Building Inspector discovering a structural flaw in a bridge before it could collapse or identifying a gas leak in a building, preventing a potential explosion.
