

Name _____

The History of Canada

Short Answer Key

1. The First Nations and Inuit were two Indigenous groups that lived in Canada before European explorers arrived.
2. Confederation was when Canada officially became a country in 1867. It was important because it united several British colonies into one nation.
3. Britain took control of Canada from France in 1763 after years of conflict.
4. Indigenous peoples used natural resources by hunting animals, fishing, and building homes from wood, ice, or animal skins.
5. Canada fought in the battle of Vimy Ridge during World War I.
