The Climate and Weather of Canada

Open-Ended Response Answer Key

1. I would like to experience winter in Canada because I love snow and would enjoy skiing and ice skating.
2. The different seasons affect people's activities. In winter, they do indoor activities or snow sports, while in summer, they go outside to swim and hike.
3. Living in the Arctic during winter would be hard because it is very cold, and the sun does not rise for weeks.
4. Festivals like Canada Day in the summer and Christmas in the winter help people celebrate and enjoy each season in a fun way.
