

Name _____

Paws and Play: Keeping Your Cat Active and Happy

Short Answer Key

1. Adult cats generally need 15-20 minutes of exercise each day.
2. One benefit of providing interactive toys for your cat is that they stimulate natural hunting instincts.
3. One activity you can do with your cat to encourage climbing and exploration is setting up a cat tree.
4. You can incorporate playtime into your daily routine with your cat by scheduling regular play sessions.
5. It's important to monitor your cat's activity level to ensure they are getting enough stimulation and exercise.
