

Name _____

Chef Lily

In a busy kitchen, Chef Lily decided to cook a big pot of pasta for her family. She started by filling the pot with water and added a pinch of

magic pasta dust (also known as salt). As the water boiled, Chef Lily twirled around the kitchen, singing a pasta song. She threw the pasta into the pot and watched it dance and twirl as it cooked.

When it was ready, she added some delicious sauce and a sprinkle of cheese. The pasta turned into a noodle monster that chased her around the kitchen, but she finally caught it and served a silly, yummy dinner!
