

Name _____

Surviving the Titanic: Does Class Matter?

Open-Ended Questions Answer Key

1. Some believe the disaster could have been avoided if the ship had more lifeboats or traveled slower in icy waters.
2. First-class passengers might have felt hopeful, while third-class passengers likely felt scared and helpless.
3. The Titanic reminds us to treat everyone equally, no matter their background or wealth.
4. Adding more lifeboats would have saved more lives.
