

Name _____

Meet the Clownfish: Nature's Tiny Performer

Open-Ended Response Questions

1. Why do you think clownfish have bright colors instead of being camouflaged like other fish?
2. How does the relationship between a clownfish and its sea anemone help the clownfish survive?
3. If you could design a new species of clownfish, what unique colors or features would it have, and why?
4. Why do you think the clownfish's slime is important for its survival? How might life be different for the clownfish without it?
