

Name _____

Navigating Stormy Seas: The Art of Conflict Resolution

Open-Ended Response Answer Key

1. (Student's response should describe a personal experience where they successfully applied conflict resolution skills, including the conflict, steps taken, and the resulting positive impact on their relationship.)
2. (Student's response should outline the steps they would take to mediate the conflict, promote understanding, and find a solution that benefits the group.)
3. (Student's response should discuss the role of patience in conflict resolution, providing an example from their life where patience was pivotal in resolving a conflict.)
4. (Student's response may vary but should identify a challenging component of conflict resolution, explain the difficulties faced in developing that skill, and propose strategies for improvement.)
