## Guardians of the Wild: Middle Schoolers on a Conservation Crusade

### Short Answer Key

1. Mia used her tech-savvy skills to set up hidden cameras to capture evidence of poaching activities.
2. One strategy the club used to raise awareness about habitat destruction was organizing tree-planting events.
3. The middle schoolers found common ground with individuals opposing their conservation efforts by engaging in constructive dialogues, proposing sustainable practices, and collaborating with local businesses on eco-friendly initiatives.
4. The middle schoolers' story conveys the message that, with determination and collaboration, a balance between environmental protection and economic interests can be achieved for the benefit of both nature and the community.
5. The club grew in both size and influence and expanded their conservation efforts to neighboring towns, inspiring other young people to become involved in wildlife protection.
