

Name _____

Could Ancient Matter From Dinosaurs Still Be Part Of Your Body Today?

Open-Ended Response Answer Key

1. Sample Answer: It makes me feel amazed and connected to nature and history.
2. Sample Answer: It reminds us to protect our resources since matter doesn't go away—it comes back in new forms.
3. Sample Answer: It helps me see that nothing is ever really gone; it just changes, which is amazing.
4. Sample Answer: Old trees turning into paper, recycled plastic becoming new toys, or water that was once in the ocean becoming rain.
