## The Parallel Conversations

### Open-Ended Response Questions

1. How do you think the ability to communicate with alternate versions of oneself might impact a person's worldview and decision-making process?
2. Imagine you were in Olivia's shoes and discovered the same ability. How would you use the knowledge gained from alternate versions of yourself, and what ethical considerations would guide your decisions?
3. Discuss the potential consequences, both positive and negative, that Olivia's actions could have on the various parallel universes she interacts with.
4. What parallels can you draw between Olivia's ethical dilemmas and real-world situations where the pursuit of knowledge or advancement in one area might have unintended consequences in other aspects of society? Provide examples.
