

Name \_\_\_\_\_ **Coordinate Adjectives**

# Coordinate Adjectives

Coordinate adjectives are independent from one another. They can be removed or rearranged without changing the other adjectives or making the sentence grammatically incorrect. Removing a coordinate adjective just changes the information the reader receives about the noun.

**DIRECTIONS:** Rearrange the adjectives in each sentence. Is the sentence still grammatically correct? Check if the adjectives are coordinate or cumulative.

1. Roger is a confident and assertive teacher.

---

coordinate

cumulative

2. We had a healthy, satisfying, and delicious salad.

---

coordinate

cumulative

3. The old stone house is for sale.

---

coordinate

cumulative
