

Name _____

Counting Ants

Open-Ended Response Answer Key

1. Songs use repetition and rhythm, making it easier for children to remember information. Learning feels like a game rather than a lesson.
2. The song Five Little Ducks teaches counting by subtracting one duck each time. It helps children understand basic math concepts in a fun way.
3. Songs are catchy and repetitive, making them easier to remember than spoken lessons. Music helps with memory and learning patterns.
4. A space-themed song could count planets or stars. It would use fun rhymes and actions to help children remember numbers while learning about space.
