

Name _____

Crocodile Homes: Wet and Wild Habitats

Open-Ended Response Answer Key

1. Crocodiles need water to stay cool and hunt for food.
2. Mud and plants help crocodiles blend in, making it easier to catch food and stay safe.
3. (Example) I would see muddy water, tall plants, and hear birds and splashing.
4. If crocodiles lived in cold, dry places, they might struggle to find food and stay warm.
