Crocodile Predators and Threats: Staying Safe in the Wild

Open-Ended Response Answer Key

1. Protecting habitats ensures crocodiles have safe places to live, hunt, and raise their young.
2. Their tough skin, powerful jaws, and strong tails help them defend themselves.
3. They might lose their homes and struggle to find food.
4. (Example) As a baby crocodile, I would stay close to my mother, hide in plants, and avoid open water to stay safe.
