

Name _____

Cyber Espionage

Short Answer Key

1. Mia accepted the agency's request because they convinced her that her hacking skills were needed to prevent a global catastrophe.
2. Mia and Zero had a cat-and-mouse relationship, constantly trying to outwit each other. As the story progressed, Zero had a change of heart and ultimately helped Mia stop the Digital Dominators.
3. The Digital Dominators planned to take control of critical infrastructure systems worldwide, which was a threat because it could cause chaos and panic, leading to a global catastrophe.
4. Mia used her persuasive abilities to convince Zero that the Digital Dominators' actions were wrong and that they could make a difference together in stopping the cyberterrorist group.
5. Mia transformed from a brilliant but morally ambiguous hacker to a hero who saved the world from digital chaos. She went from working on the edge of legality to using her skills for a noble cause.
