

Name _____

Dangerous Technology

Open-Ended Response Answer Key

1. Students might say yes because it would be exciting, or no because it is too dangerous.
2. Some may argue that time travel should not exist because it is too risky, while others might say it should exist with better rules.
3. Answers may include examples like social media, artificial intelligence, or nuclear energy.
4. Students should discuss the importance of thinking about consequences before using powerful technology.
