

Name _____

The Mystery Detectives

Open-Ended Response Answer Key

1. Each member's unique skills contributed to the detective club's success. Sarah's tech expertise helped with research, Jake's artistic talents created detailed sketches, Maya's observation skills noticed important details, and Max's puzzle-solving abilities helped connect the dots in each case.
2. If I were a neighbor seeking help from the Mystery Detectives, I might ask them to solve the mystery of the disappearing garden tools. My shed has had several items go missing, and I would appreciate their assistance in uncovering the culprit.
3. The theme of friendship in the story highlights how being different or considered misfits can lead to strong bonds. The kids found acceptance and support within the detective club, showing that true friendship is built on shared interests and understanding.
4. If I were a member of the detective club, I would enjoy solving mysteries related to historical artifacts. My skills in research and attention to detail would be valuable in uncovering the history and significance of ancient relics.
