

Name _____

Variations in Political Parties Across Different Countries

Short Answer

1. Explain the concept of coalition building in multiparty systems and why it is necessary.
2. Provide an example of a country with a single-party system and briefly describe its characteristics.
3. How do regional and ethnically-based parties differ from national parties in their focus?
4. What distinguishes protest and single-issue parties from other political parties?
5. Why do some countries adopt a two-party system, while others opt for a multiparty system?
