## Voyage of Dreams and Disaster

### Open-Ended Questions Answer Key

1. More lives could have been saved if there were enough lifeboats for all passengers.
2. It highlights the need to prioritize safety and plan for emergencies.
3. First-class passengers likely had better access to lifeboats, while third-class passengers faced more challenges escaping.
4. "The Titanic disaster is a tragic reminder of human ambition and the need for caution at sea."
