## Divided Loyalties

### Open-Ended Response Answer Key

1. Some small farmers feared taxes and land laws might favor the wealthy, but others might have liked a stronger economy.
2. Answers will vary. Example: "I would be a Federalist because I believe a strong government keeps the country safe and fair."
3. The argument over state vs. federal power still happens in debates about education, taxes, and laws.
4. If the Anti-Federalists won, the U.S. might have remained divided, and the government might have been weaker.
