

Name _____

Discovering Dividends: A Share of the Profits

Short Answer Key

1. Dividends serve as a way for companies to share their profits with shareholders, while providing a regular source of income for investors.
2. The typical schedule for paying dividends includes the Declaration Date, Ex-Dividend Date, Record Date, and Payment Date.
3. Receiving dividends in cash means you get money directly, while receiving them in additional shares means you get more stock in the company.
4. Dividend stocks appeal to investors looking for steady income because they provide regular dividend payments.
5. An example of a company well-known for paying dividends is The Coca-Cola Company.
