## Dragonflies and Their Relationships with Other Species

### Open-Ended Response Questions

1. Why do you think dragonflies don't form mutual relationships with other species?
2. Imagine you are a small insect following a dragonfly. How would you benefit from its actions?
3. How might parasites like water mites affect the dragonfly's role in the ecosystem?
4. Why is it important for humans to protect dragonflies, even though they don't form mutualistic relationships?
