## Real Estate - What is it and What Does it Encompass?

### Open-Ended Response Questions

1. Imagine you want to buy a house. What steps would you take, and how might a real estate agent help you in the process?
2. Share your thoughts on why it's important to consider eco-friendly practices when building homes and structures.
3. Describe a scenario in which a strong economy might positively affect the real estate market.
4. Think about the different types of real estate. Which one do you think is the most important, and why?
