

Name _____

The Exam Escapade

Short Answer Key

1. Tim's plan to cheat on the history exam went awry because he grabbed the wrong test paper, which was for a physics exam.
2. Some of the absurd answers Tim wrote on the physics exam included claiming that soldiers at the Battle of Gettysburg had a pancake-flipping contest instead of fighting and that Isaac Newton discovered gravity during a snowball fight.
3. When Tim handed in his absurdly answered test paper, the teacher gave him an A+ and found his answers creative and amusing.
4. Tim received an A+ for his nonsensical answers on the exam, and the teacher wrote, "Most creative answers ever!"
5. Tim learned that sometimes humor and creativity can lead to unexpected success, but cheating is not the right way to approach exams.
