Fabric Fiesta: Exploring the World of Textiles in Quilting and Sewing

Short Answer Key

1. Flannel is soft and cozy with a brushed texture. Common uses include making warm quilts and pajamas.
2. Silk is known for its smooth texture and natural sheen. It drapes gracefully, making it a popular choice for eveningwear and gowns due to its luxurious appearance.
3. Wool is warm and insulating. Examples of items made from wool include coats and scarves.
4. Linen is breathable and lightweight. It can be used for making summer clothing like dresses and blouses, as well as for creating tablecloths and napkins.
5. Knit fabrics are stretchy and made with interconnected loops of yarn, while woven fabrics have threads crisscrossing each other. Knit fabrics are used for making T-shirts, yoga pants, and other stretchy clothing items.
