

Name _____

Ohio's Remarkable Figures: Famous People from the Buckeye State

Short Answer Key

1. Thomas Edison invented the phonograph, which allowed for sound recording and playback, revolutionizing the music and entertainment industry. He also developed the practical electric light bulb, transforming modern life by providing a reliable source of indoor lighting.
2. Neil Armstrong's moonwalk marked a monumental achievement in space exploration, demonstrating humanity's ability to reach and explore other celestial bodies. It inspired future generations of scientists and astronauts, furthering space exploration and fostering international cooperation. It also symbolized human potential and the pursuit of ambitious goals.
3. LeBron James is a basketball superstar known for his championships and MVP awards. He is also renowned for his philanthropic efforts, notably establishing the "I PROMISE School" in Akron, Ohio, which provides education and support to at-risk children. This initiative helps address educational disparities and provides a path to success for disadvantaged youth.
4. "Uncle Tom's Cabin" by Harriet Beecher Stowe was a powerful anti-slavery novel that exposed the cruelty and inhumanity of slavery. It played a significant role in raising awareness about the plight of enslaved individuals and contributed to the abolitionist movement. The novel had a profound impact on public opinion, inspiring individuals to join the fight against slavery and contributing to the eventual abolition of slavery in the United States.
5. John Glenn achieved historic milestones as an astronaut, becoming the first American to orbit the Earth during the Mercury-Atlas 6 mission. Later, he returned to space at the age of 77, setting the record as the oldest person in space. In addition to his astronaut career, he served as a U.S. Senator. His contributions in both roles demonstrated the importance of exploration and public service. His dedication to space exploration and his service in Congress exemplified a commitment to advancing knowledge and improving society.
