## The Life of a Farm Laborer: Sowing Seeds of Hard Work

### Open-Ended Response Answer Key

1. Answers may vary but could include actions like carefully replanting the seeds at the correct spacing, removing excess seeds, or adjusting planting equipment settings.
2. Farm laborers can adapt to extreme weather conditions by taking frequent breaks, staying hydrated, wearing appropriate clothing, and modifying work schedules when necessary.
3. Farm laborers contribute to the food supply chain by growing and harvesting crops that are essential for feeding communities. Their efforts are crucial for food production and distribution.
4. Personal qualities such as strong work ethic, perseverance, adaptability, and a love for the outdoors can help farm laborers excel in their profession and overcome challenges.
