## Ohio's Hidden Treasures: Unveiling Fascinating Facts

### Short Answer Key

1. The Ohio buckeye tree is known for producing nuts that resemble the eye of a deer, which is why Ohioans are often called "Buckeyes."
2. Canton, Ohio, is celebrated as the birthplace of professional football, and the Pro Football Hall of Fame in Canton honors legendary players and coaches who have made significant contributions to the sport.
3. The Great Serpent Mound is a massive effigy mound resembling a serpent located in Adams County, Ohio. It is considered an important archaeological site with theories about its purpose, such as religious or astronomical significance.
4. The Rock and Roll Hall of Fame in Cleveland, Ohio, is culturally important as it celebrates the history of rock and roll music and honors influential artists in the genre, preserving their legacies.
5. The Wright brothers, Orville and Wilbur, contributed to the history of aviation by conducting their first powered flight in Kitty Hawk, North Carolina. However, they were originally from Dayton, Ohio.
