## The Dilemma of the Fast Lane

### Short Answer Key

1. Liam's dream in the story was to win the gold medal at the upcoming regional championships.
2. Coach Thompson gave Liam the performance-enhancing drugs to help him win and maintain his reputation as a top coach.
3. After deciding not to use the drugs, Liam felt a deep sense of pride in his integrity.
4. Liam's ultimate victory in the story was choosing honesty and integrity over cheating, even though he did not win the gold medal.
5. Liam found vials of performance-enhancing drugs in Coach Thompson's gym bag.
