## Hunger's Grip: Understanding the Causes and Consequences of Food Insecurity

### Open-Ended Response Questions

1. In your opinion, why is poverty often cited as one of the primary causes of food insecurity, and how might addressing poverty help alleviate this issue? Explain your thoughts.
2. Describe a situation where a lack of access to nutritious food could lead to food insecurity. How might individuals in such a situation seek help or solutions?
3. Discuss the role of education and advocacy in combatting food insecurity. Why is raising awareness about this issue important, and what kinds of policies could address its root causes?
4. Share your thoughts on the importance of community-based efforts like community gardens and meal programs in alleviating food insecurity. How do these initiatives contribute to addressing the problem?
