## Frantic Four

### Open-Ended Response Answer Key

1. Max's mechanical skills were crucial in building the SkyStrider, and the friends felt exhilarated and overjoyed during their first flight.
2. Challenges included solving puzzles, deciphering riddles, and navigating through the forest.
3. The treehouse served as their headquarters, where they found the journal with clues to the treasure. It played a central role in their adventure.
4. Max's mechanical skills, Emily's leadership, Mia's problem-solving abilities, and Noah's optimism contributed to their success.
