## Friends Forever: A Sonnet on Friendship's Embrace

In laughter's glow and through life's winding bends,

The bond of friendship, cherished by dear friends.

Through sunny days and stormy nights we stand,

A guiding light, a love so close at hand.

With every hug, a world of cares we share,

In silence and in chatter, we're a pair.

The trust and loyalty, a precious blend,

A lasting bond that time can't truly end.

In friendship's warm embrace, we find our strength,

A treasure trove, a bond of endless length.

Together, we can face each trial and test,

With friends like these, we're surely truly blessed.

So celebrate the friendships you hold dear,

For friends like these, there's nothing left to fear.
