

Name _____

Geddy Lee: The Master of Progressive Rock

Short Answer Key

1. Geddy Lee played a pivotal role in the formation and early years of Rush as the band's bassist, lead vocalist, and keyboardist. His distinctive bass style and high-pitched vocals became defining elements of the band's sound, contributing to their unique identity.
2. Geddy Lee's bass playing style includes the use of fingerstyle technique, which allows him to create complex and melodic bass lines. He is also known for using a Rickenbacker bass guitar, which contributes to the unique tonal quality of his playing. These elements add depth and complexity to Rush's sound.
3. One of Rush's hit songs is "Tom Sawyer," featured on the album "Moving Pictures." This song is significant in the band's history because it became one of their most recognizable and enduring tracks, often considered a classic of rock music.
4. In addition to his roles as a bassist and vocalist, Geddy Lee often played the synthesizer and other keyboard instruments in Rush. This expanded the band's sound by introducing a wider range of musical textures and allowing them to explore different sonic landscapes.
5. Geddy Lee's lyrics often explore philosophical and science fiction themes, resonating with Rush's audience due to their thought-provoking and imaginative nature.
