## The Influence of Geographical Diversity

### Open-Ended Questions

1. How did the environment influence the tools and technologies developed by Native American groups?
2. Compare the lifestyles of the Inuit and the Iroquois. How did geography play a role in their differences?
3. Why is it important to study the adaptations of Native American cultures to their environments?
4. If you were to live in one of the regions mentioned in the passage, which would you choose and why?
