

Name _____

Goldfish: A Little Fish with a Big Story!

Open-Ended Response Answer Key

1. Goldfish are interesting because they have good memories, can learn tricks, and come in many unique shapes and colors.
2. Caring for a goldfish is important because they rely on people to keep their water clean, feed them, and provide space to swim.
3. Goldfish have likely changed a lot, becoming more colorful and varied in shape and size due to selective breeding.
4. If teaching a goldfish a trick, you could use food to encourage it to swim through a hoop by rewarding it every time it does so.
