

Name _____

The Mighty Gorilla: What Does It Look Like?

Open-Ended Response Answer Key

1. Gorillas are compared to humans because they have similar hands, faces, and can show emotions.
2. Their large size helps them stay safe and strong in the wild.
3. A zookeeper would provide proper food, space to move, and toys for mental health.
4. Protecting gorillas is important because they help keep nature balanced and are endangered.
