

Name _____

Chirps and Hops: How Grasshoppers Communicate

Open-Ended Response Questions

1. Why do you think grasshoppers developed chirping as their main way of communication?
2. How might vibrations help grasshoppers warn each other about danger?
3. If grasshoppers couldn't chirp or make sounds, what other ways might they communicate?
4. Imagine you are a grasshopper. How would you use chirping and movements to interact with other grasshoppers?
