

Name _____

Jumping Wonders: All About Grasshoppers

Short Answer Key

1. Grasshoppers can be green, brown, red, or yellow.
2. Grasshoppers make chirping sounds by rubbing their back legs against their wings.
3. Grasshoppers help control plant growth and provide food for other animals.
4. A large swarm of grasshoppers can eat up entire fields of crops.
5. Grasshoppers use their strong back legs for jumping long distances.
