Green Heroes: How NGOs Save Our Planet

Open-Ended Response Questions

1. In your opinion, which environmental issue do you think NGOs should prioritize the most, and why? Provide reasons to support your choice.

2. Imagine you are leading an environmental education campaign for an NGO. Describe the campaign's goals, target audience, and strategies for raising awareness about an environmental issue.

3. Research and identify a specific NGO that has made a significant impact on wildlife conservation. Describe their efforts, the species they protect, and the challenges they face in their work.

4. Discuss the potential challenges NGOs might encounter when collaborating with governments or other organizations on environmental projects. How can these challenges be overcome to ensure successful partnerships?
