Green Heroes: How NGOs Save Our Planet

Open-Ended Response Answer Key

1. Answers will vary based on personal opinions. Students should provide reasons to support their choice of the most important environmental issue and explain why it deserves prioritization.
2. Students should describe a hypothetical environmental education campaign, including its goals, target audience (e.g., students, community members), and strategies (e.g., workshops, educational materials, awareness-raising events).
3. Students should research and identify a specific NGO that focuses on wildlife conservation. They should describe the NGO's efforts, the species they protect, and any challenges they face in their work.
4. Students can discuss potential challenges such as differing priorities, communication barriers, and resource allocation issues. They should also propose strategies to overcome these challenges, such as clear communication, shared goals, and collaborative decision-making processes.
