## Carbon Dioxide's Role in the Climate Change Conversation

### Open-Ended Response Answer Key

1. It's helpful because it keeps Earth warm. It's harmful when there's too much because it overheats the planet.
2. Because it helps us understand how to take care of the Earth and our future.
3. I could walk or ride my bike, turn off lights when I don't need them, and plant trees.
4. I would invent a machine that pulls CO<sub>2</sub> out of the air and turns it into clean air or energy.
