## How Guppies Talk Without Words

### Open-Ended Response Questions

1. Why do you think guppies rely on movements and colors instead of sounds to communicate?
2. How might chemical signals like pheromones help guppies survive in the wild?
3. Imagine you are observing guppies in an aquarium. What signs might you notice that show how they interact with each other?
4. What can guppy communication teach us about teamwork and survival in groups?
